

Vegetable Shower Gel Sulfate Free

with Olivoil

Method:

Add 7 and 8 to 6, stirring until a clear solution is obtained (phase A). Heat gently 2 and add it to 1 stirring until a clear solution is obtained.

Add 3, 4 and 5 to the surfactants, mixing until a very viscous, clear gel is obtained (phase B).

Add phase A to phase B, stirring until a clear solution is obtained.

Add 9 as needed to set the pH between 5,60 and 6,30.

Comments:

Shower Gel containing Olive oil fatty acids based surfactants with gentle cleansing action and emollient after feel (**Olivoil Glutamate, Olivoil Fruttoside and Olivoil PCA**).

The product has creamy foam and good viscosity despite the lack of thickeners.

Formulation

OLIVOIL
PCA

OLIVOIL
GLUTAMATE

OLIVOIL
FRUTTOSIDE

#	INCI	[%]
1	OLIVOIL GLUTAMATE	22.0
2	Lauryl glucoside, aqua	10.0
3	Cocamidopropyl betaine	10.0
4	OLIVOIL FRUTTOSIDE	2.0
5	OLIVOIL PCA FOSKNAB	5.0
6	Aqua	to 100.0
7	Glycerin	5.0
